CESAR AMP

COMFORT IN VERSATILITY

COMFORT IN VERSATILITY

Characterised by simple but elegant design, Cesar Amp is a circular wall or ceiling mounted luminaire suitable for both outdoor and indoor applications.

Thanks to the light engine being recessed within the luminaire, Cesar Amp offers optimised glare control and visual comfort across both single and double light emissions.

Perfect for illuminating large covered areas and general building surrounds. The luminaire family includes three sizes for both wall and ceiling types and are equipped with a tilting reflector for maximum flexibility.

Both ceiling and wall versions are available with Non-Dim (On/Off) driver on-board, or DALI2 (on-board DALI2 for large size or remote DALI2 driver for small and medium versions).

DARKSKY ACCREDITATION

'DarkSky' is recognised as the global authority on light pollution and is the leading organisation combating this issue worldwide.

The DarkSky Approved seal is a highly regarded accreditation for manufacturers. The process to achieve this accreditation reviews key features and benefits of a luminaire, its fundamental design and deep dive analysis of photometric data to ensure the product meets strict requirements to limit light pollution.

Dark Sky International fixture seal of approval relates to ≤ 3000 K only with dimming capability and downward light only. Luminaires must be mounted as photometered.

CESAR AMP

FEATURES

SHAPE AND SIZES

Cesar Amp is a cylindrical luminaire available in both ceiling or wall mounted types across small, medium and large sizes. Ceiling mounted variants are available as single light emission with adjustable reflector. Wall mounted variants are available with single or double emission with adjustable reflector.

LIGHT QUALITY

COB light engine offering precise light distribution and CRI90.

VISUAL COMFORT

The COB light source is recessed within the luminaire housing, meaning its optical system offers both visual comfort and excellent levels of illumination.

CONTROLLABILITY

Available as Non-Dim (On/Off), or remote DALI2 driver can be ordered separately. Large version with DALI2 connectivity on-board.

DURABILITY

Cesar Amp is rated IK08 and IP65.
Corrosion Class C3.

HOUSING COLOUR

Available in White (R9016), Black (R9005), Light Grey (R9006) and Anthracite Grey (G9005).

WIRING

Small: Supplied with one single cable entry and grommet. Medium: Supplied with neoprene H05RN-F 0.3 m cable and connector. Large: Supplied with neoprene H05RN-F 0.3 m cable and connector.

TECHNICAL DESCRIPTION

Die-cast and extruded aluminium housing with high corrosion resistance. Stainless steel A4 screws. Silicone gaskets. Double power paint for superb fixture finish. Electrical Class I. 3 SDCM COB light engine. ULOR 0 for single emission variants. Risk Class RG1. Toughened clear glass diffuser. Operating Ambient Temperature -20° C to +50° C. Lifetime 70,000 Hrs L80 B10 Ta 25° C / 50,000 Hrs L80 B10 Ta 40° C.

CERTIFICATION

ACCESSORIES

ORDERING CODE: 96700028

(GB IP67 20W 230V 250-700 CL2 HFX)

POWER SUPPLY 230V/250mA-700mA,
DALI DIMMABLE IN BOX.
IP67, 20W, Class II.
Dimensions; 175.5 mm x 86.5 mm x 43 mm.

Will operate:

- Three small downlight only luminaires
- One small up/down luminaire
- One medium downlight only luminaire

Maximum distance between luminaire and power supply 10 m. Operating Ambient Temperature -20° C to +50° C. Built-in surge protection (kV) L/N-PE: 2KV.

ORDERING CODE: 96700030

(GB IP67 35W 230V 700-1050 CL2 HFX)

POWER SUPPLY MULTI-POWER 230V /
700mA-1050mA DALI2, PUSH DIM IN BOX.
IP67, 35W, Class II.
Dimensions; 175.5 mm x 86.5 mm x 43 mm.

Will operate:

- One medium up/down luminaire

Maximum distance between luminaire and power supply 10 m. Operating Ambient Temperature -20° C to +50° C. Built-in surge protection (kV) L/N-PE: 2KV.

PHOTOMETRIC SUMMARY
